We recommend the 3 Bar Safety Valve for all ELECTRIC ONLY (E) products. Dual Fuel is possible either by use of "T" piece and radiator valve or by use of ONE850 or ONE851 (4 way valve)

Add your own personal signature piece to any room, choose an image to transform into your very own unique radiator. A family portrait or photo montage of your favorite memories, a scenic landscape or a chosen design from an image library will become a talking point. Exclusively made to order, Tardis comes with a 20 year warranty.

This vertical radiator provides a highly efficient heat output which is not compromised by the design. A glass finish vacuum seals the image

behind a layer of shatterproof glass, all fixings are discreetly located behind the radiator. Tardis is suitable for hot water, electric or dual fuel installations. Our standard sized offering is 1820mm high x 515mm wide and 90mm deep. If you are looking for an alternative size please get in touch.

We produce all of our own Tardis radiators with great care, as such we can offer the flexibility and attention to detail these home accessories deserve.
